

Scavenger Hunt Questions

Stop	Questions
1 - Lever	<ul style="list-style-type: none"> • What does the lever do in this example? • Is there another simple machine that could do this same job? If so, which? • Are there any other simple machines at work at this station?
2 - Inclined Plane	<ul style="list-style-type: none"> • What does the inclined plane do in this example? • Is there another simple machine that could do this same job? If so, which? • Are there any other simple machines at work at this station?
3 - Wedge	<ul style="list-style-type: none"> • What does the wedge do in this example? • Is there another simple machine that could do this same job? If so, which? • Are there any other simple machines at work at this station?
4 - Pulley	<ul style="list-style-type: none"> • What does the pulley do in this example? • Is there another simple machine that could do this same job? If so, which? • Are there any other simple machines at work at this station?
5 - Wheel & Axle	<ul style="list-style-type: none"> • What does the wheel and axle do in this example? • Is there another simple machine that could do this same job? If so, which? • Are there any other simple machines at work at this station?
6 - Screw	<ul style="list-style-type: none"> • What does the screw do in this example? • Is there another simple machine that could do this same job? If so, which? • Are there any other simple machines at work at this station?
BONUS	<ul style="list-style-type: none"> • Choose one of the simple machines and as a team, look for as many examples of that machine as you can find in the galleries. Mark each location that you find one on the map with a star. Then write a description of it in the space below. Remember – you must stay together as a team!
