

Math Problem

Fill in the chart with the correct times using the following information:

- There are 24 hours in one day
- Each “watch” is 4 hours long
- Each “dogwatch” is 2 hours long.

On the bottom of the chart, fill in the tasks and activities that you are normally accomplishing in this time period.

Middle Watch 12am - _____	Morning Watch _____ - _____	Forenoon Watch _____ - _____	Afternoon Watch _____ - _____	First Dogwatch _____ - _____	Last Dogwatch _____ - _____	First Watch _____ - _____
